Get productivity NOW with the Redzone Digital Production System

February 17th-19th 2020 | Spokane, Washington

For the 5th consecutive year in a row Redzone Digital Production Systems has been invited to speak at Food Northwest's Expo. The topic this year is: **'The Truly Connected Team: Unbelievable Outcomes When Technology Connects People in a Plant.'** We invite you to join us and learn more from us and our panel of local area customers.

Who Should Attend?

Northwest Food & Beverage Manufacturers looking to improve operations and start or accelerate their Productivity Improvement journey.

Food Northwest's Expo and conference 2020 offers three days of nationally known speakers, industry leaders and educational experts sharing the latest trends and information, plus a convention floor filled with vendors and suppliers. Most importantly, the Expo is a place for networking with colleagues and connecting with other Northwest F&B Manufacturers in OR, WA, ID; as well as other association members. Take advantage of your time and make key contacts, explore the latest innovations and participate in educational seminars.
